Intra-Library Loan (ILL) Service

Allama Iqbal Library is pleased to introduce the **Intra-Library Loan (ILL) Service**, a new initiative to facilitate access to books available across different departmental/campus libraries of the University of Kashmir.

Under this service, users can request books that are available in other departmental/campus libraries of the university through a formal requisition process. The requisition, addressed to the University Librarian, should clearly mention the title, author, call number, and any other relevant bibliographic details of the required book.

Process:

1. The requesting user shall submit a written requisition to the Circulation Section of Allama Iqbal Library.
2. Upon receiving the request, the library will coordinate with the holding department to get the required book.
3. The book will then be issued to the users from Allama Iqbal Library as per the existing circulation policy of the University.

This initiative is aimed at optimizing the use of academic resources and promoting a culture of shared access to knowledge across the university.

To avail the service, please contact the circulation section of Allama Iqbal Library.
