14<sup>th</sup> December, 2017

**Theme: Workshop on Scholarly Writing & Plagiarism**

The Workshop will focus on topics such as how to structure your manuscript with attractive title, write abstracts and compose the covering letter for the publisher including publication ethics and how to handle peer-review comments etc. This workshop will be beneficial for all faculty members and researchers interested and involved in getting their research published in international renowned publications. The workshop agenda typically consists of:

➤ **How to plan and write manuscripts and get published in scientific journals**

In addition to practical advice for successful publication, this module will instill a sense of professionalism and international standards for scientific communication. It will be useful for anyone involved with research with a focus on providing young scientists with the skills needed for publication success.

➤ **Author Services: support when you publish with Springer**

How does Springer assist its authors in their publication endeavors? Tools that help before, during and after publication take center stage. Springer also highlights in the workshop, the benefits to authors when they publish their book manuscripts with Springer, as it offer a variety of publication types, all in multiple online and print formats.

➤ **Plagiarism**

The workshop will address the problem of plagiarism, the most interesting topic these days. This topic has gained much relevance in the scholarly world particularly in University of Kashmir due to the implementation of Anti-Plagiarism policy.
