Understanding Open Access Publishing, and the Open Future

Thursday, July 17, 2025 | 11:00 AM - 2:00 PM IST

Register
now

Join us tomorrow to get an overview of the rapidly evolving open access landscape and understand how changes internationally have influenced the introduction of ONOS. Learn about the fundamentals of OA and key considerations for researchers, as well as how to make the most of OA publishing. See for yourself how India's publishing experience has changed and what we may see in the coming years. The webinar will spotlight topics including:

- Understanding OA benefits
- OA policy in India and worldwide
- The impact of open access publishing
- An overview of research and publishing in India
- How does India compare internationally?
- ONOS details and what it means for researcher

Register for other sessions in the series before they fill up.
